ABOUT US

Acting Moon Events was formed in Eastbourne, East Sussex by Renato Pires a well known actor, film director and performance artist originally from Lisbon, Portugal.

With a wide and varied range of performers we can provide entertainment and production for many different events, including children's parties, weddings, birthdays, private or corporate functions, comedian characters, festivals, workshops, film, videography, theatre and circus.

Putting on any event, no matter how large or small is not always easy. With our breadth and depth of experience we can help you to achieve your vision with the minimum of fuss and the maximum of fun.

We are always interested in hearing from professional performers such as singers, musicians, dancers, magicians and circus artists. If you feel that you have the personality, flair and technical skills to be of interest, please feel free to get in touch.

Occasionally we are able to sponsor artists attending events or competitions. Please get in touch if you are attending something which you feel may be of interest to us.

CIRCUS WORKSHOPS

*Looking to learn something exciting ?
From aerial circus and juggling to
close up magic and balloon modelling.
We at Actingmoon events can
